The CIS "MENTOR" group is designed to offer a flexible engagement model which allows clients to choose the level of specialist contribution that suits them. This means our consulting teams can offer an end to end solution from concept to delivery or only provide specialist expertise where needed. Our consultants deliver under the clients' management ensuring they remain in control every step of the way guaranteeing a successful delivery. CIS consultants are able to provide vendor independent solutions ensuring that clients receive a tailored solution that is best for their business without the unnecessary bells and whistles, thus providing a cost effective solution in comparison to traditional vendor delivery.
